On October 27, 2009, Members from the AmeriCorps Partnership to End Homelessness participated in the statewide launch for the 2009-2010 Service Year. Members from every AmeriCorps team in North Carolina listened while Senator Howard Lee, addressed them and then led them in reciting the AmeriCorps pledge.

In addition to attending the launch events, each

AmeriCorps member attended training sessions focused on how to improve Volunteer Recruitment and Management. Members came away with ideas to try to help us meet our goal of recruiting 100 new volunteers to serve 1000 hours helping the homeless. In addition, the members expressed that they enjoyed getting to meet and spend time with members from other programs.
